Making the transition

With over 25+ years of experience providing care for older people, Ambient Support recognise that making the transition into care can be unsettling.

That's why our professionally trained team at St Audrey's are on hand to support residents and their families alike, 24 hours a day, 7 days a week.

Personalised care and support

The Ambient Way means that at St Audrey's our staff team provide a person centred approach to care and support: we believe that each person is an individual with unique qualities and should be valued as a person first and foremost.

We develop care and support plans in conjunction with residents and their families so people are supported in a way which is right for them.
